Product description

The Locator multirail classic is an internationally patented picture hanging system which houses 12 volt wiring within the rail enabling the flexible display of not only pictures but also complimentary lighting & a range of 12v accessories. The system has been designed with professionals in mind and with the ability for the rail to hold up to 45kgs per lineal meter will suit any environment from a domestic display through to a thriving gallery.

Applications

The Locator multirail classic is the original profile of the range and is specifically designed for retro-fitting up underneath a cornice or as a stand-alone rail.

Features

- Aluminium rail
- Dimensions: 11mm (D) x 28mm (H)
- Capable of carrying loads of up to 45kgs per lineal meter
- Available in white or silver finish
